A World of Art-Henry M. Sayre 2012 P rovide your students with an introduction to art that is inclusive and emphasizes critical thinking! Henry Sayre’s art appreciation text, The World of Art, is an amazing introduction to the world of art. Students with little background in the arts routinely reach out to Henry to share how the text has influenced their lives. This is so meaningful because Henry’s inspiration for A World of Art was his own students. His students wanted to see themselves reflected in their textbook. Henry decided to write an art appreciation textbook that represented all artists, not just the Western canon found at that time in the other texts. He also wanted a text that would foster critical thinking through looking, talking about, and questioning works of art for his students. The result was A World of Art and the new seventh edition continues to build on those two themes-coverage of contemporary global art and a strong critical thinking framework throughout the text. This edition includes new ways for students to experience art with the new MyArtsLab, which includes ART 21 videos, Discovering Art simulations, Closer Look tours, and an eText of Writing about Art, also by Henry Sayre. Ways of Seeing - John Berger 1972 “Seeing comes before words. The child looks and recognizes before it can speak.” But there is also another sense in which seeing comes before words. It is seeing which establishes our place in the surrounding world; we explain that world with words, but word can never undo the fact that we are surrounded by it. The relation between what we see and what we know is never settled.” John Berger’s Ways of Seeing is one of the most stimulating and the most influential books on art in any language. First published in 1972, it was based on the BBC television series about which the (London) Sunday Times critic commented: "This is an eye-opener in more ways than one: by concentrating on how we look at paintings. . . he will almost certainly change the way you look at pictures." By now he has. “Berger has the ability to cut right through the mystification of the professional art critics. . . . He is a liberator of images: and once we have allowed the paintings to work on us directly, we are in a much better position to make a meaningful evaluation" -Peter Fuller, Arts Review "The influence of the series and the book . . . was enormous . . . It opened up for general attention to areas of cultural study that are now commonplace" - Geoff Dyer in Ways of Telling.

Mosaics / Mosaics - Elizabeth E. Guzman 2019-01-05

Goya - Janis Tomlinson 2020-09-15 The first major English-language biography of Francisco Goya y Lucientes, who ushered in the modern era of Spanish art. The life of Francisco Goya (1746-1828) coincided with an age of transformation in Spanish history that brought upheavals in the country’s politics and at the court which Goya served, changes in society, the devastation of the Iberian Peninsula in the war against Napoleon, and an ensuing period of political instability. In this revelatory biography, Janis Tomlinson draws on a wide range of documents—including letters, court papers, and a sketchbook used by Goya in the early years of his career—to provide a nuanced portrait of a complex and multifaceted painter and printmaker, whose art is synonymous with compelling images of the people, events, and social revolution that defined his life and era. Tomlinson challenges the popular image of the artist as an isolated figure obsessed with darkness and death, showing how Goya’s likeability and ambition contributed to his success at court, and offering new perspectives on his youth, rich family life, extensive travels, and lifelong friendships. She explores the full breadth of his imagery—from scenes inspired by life in Madrid to visions of worlds without reason, from royal portraits to the atrocities of war. She sheds light on the artist’s personal trials, including the deaths of six children and the onset of deafness in middle age, but also reconsidered the conventional interpretation of Goya’s late years as a period of disillusion, viewing them instead as years of liberated artistic invention.
most famously in the murals on the walls of his country house, popularly known as the "black" paintings. A monumental achievement, Goya: A Portrait of the Artist in His Time is a testament to his talent and his great inspiration, drawing, prints, and frescoes that continue to captivate, challenge, and surprise us two centuries later.

But lacking a written language of their own, the Hmong experience has been primarily recorded by others. Driven to tell her family's story after her grandmother’s death, The Latehomecomer is Kao Kalia Yang's tribute to the remarkable woman whose spirit held them all together. It is also an eloquent, firsthand account of a people who have worked hard to make their voices heard. Beginning in the 1970s, as the Hmong were being massacred for their collaboration with the United States during the Vietnam War, Yang recounts the harrowing story of her family’s captivity, the daring rescue undertaken by her father and uncles, and their narrow escape into Thailand where Yang was born in the Ban Vinai Refugee Camp. When she was six years old, Yang's family immigrated to America, and she evocatively captures the challenges of adapting to a new place and a new language. Through her words, the dreams, wisdom, and traditions passed down from her grandmother and shared by an entire community have finally found a voice. Together with her sister, Kao Kalia Yang is the founder of a company dedicated to helping immigrants and refugees transform their life experiences into the language of art and business success. A graduate of Carleton College and Columbia University, Yang has recently screened The Place Where We Were Born, a film documenting the experiences of Hmong American refugees.
